**LEESBURG, VIRGINIA BASED A-TEK, INC. CELEBRATES 15 YEARS IN BUSINESS  
– PROVIDING SCIENTIFIC AND INFORMATION TECHNOLOGY SERVICES AND  
SOLUTIONS TO FEDERAL GOVERNMENT AGENCIES**

Leesburg, Virginia, January 3, 2011 - As the New Year rang in on January 1<sup>st</sup>, Leesburg, Virginia based A-TEK, Inc. celebrated its 15<sup>th</sup> Anniversary in business on January 3<sup>rd</sup>. A-TEK, Inc., has provided scientific and information technology services and solutions to a myriad federal agencies since its inception in 1996. Included on the list of satisfied customers over the past 15 years include the U.S. Department of Homeland Security, Transportation Security Administration, Department of Justice, Department of Defense, National Institute of Health and the Department of Agriculture.

A-TEK's CEO, Kathryn B. Freeland, stated "it is a great time in the history of A-TEK. To achieve 15 years in such a competitive market is a monumental milestone. Each year is more challenging than the last, however, it is the employees and customers of A-TEK that make it all possible. Our One Team-One A-TEK approach will be key in maintaining our competitive position as we move forward over the next 15 years."

~~~~~
